Summary

Backend Developer fresher with **6 months of internship experience**, skilled in designing and optimizing high-performance APIs, distributed systems, and blockchain solutions.

- Streamlined the payment verification process by launching the FLOPAY platform, which adopted a task-based approach.
- Improved data throughput by in scalable REST APIs using Rust and PostgreSQL.
- Developed and deployed smart contracts on various blockchain platforms while writing robust and maintainable code in Rust.

Skills

- **Soft Skills:** Teamwork and Collaboration, Leadership, Problem-Solving, Agile Methodology, Communication.
- **Programming Languages:** Java, RUST, JavaScript, Python.
- **Frameworks/Libraries:** Node.JS, React.js, Axum, Redux, WebRTC
- **Tools/Technologies:** Git, GitHub, Postman, Cloudflare
- **Databases:** SQL, PostgreSQL, Firebase Realtime Database
- **UI Frameworks:** TailwindCSS, JavaFx

Experience

- **Backend Developer Intern**
IntelliConnectQ Analytics - Aug 2025 to Oct 2025 - [IntelliConnectQ Analytics](#) [✉](#)
 - Built and optimized **5+ scalable REST APIs** using Rust, Axum, and PostgreSQL.
 - Improved system performance through query optimization and caching strategies.
 - Developed API endpoints that enters data to the backend just by uploading excel files with no data breach.
- **JavaScript Development Intern**
RanchiMall - Nov 2024 to Feb 2025 - [FloPay](#) [✉](#)
 - Enforced **90% of USDT Transaction Functionality** in FLOAY Web Application currently live.
 - Implemented on UI modules used by **users**, adhering to strict design guidelines.
 - Collaborated in Production repository with core team and **gained 2 years of experience in 3 months**.

Projects

MEMORA AI

[Memora-AI](#) [✉](#)

- Built an AI-driven gallery application using facial recognition, reducing manual photo management by AI agents
- Integrated Firebase and Cloudflare** that can support **5,000+** user uploads/month with real-time updates and secure sharing.

FLOPAY

[Flopay](#) [✉](#)

- Enforced USDT transaction functionality in FLOPAY Web Application currently live.
- Enhanced trust and reliability by providing tamper-proof data tracking throughout payment on blockchain.

Education

Sinhgad Institute of Technology and Science

Bachelor of Engineering, Information Technology

Nov 2022 - Present

CGPA 7.4/10
